13. (S/NF) The EAC reviewed the following information contained in RefTel:

-- As of 22 November 2008, unidentified Al-Qa'ida elements were planning suicide attacks on small groups of western visitor to the Lamu cultural festival between 28-30 November 12008. The attacks were being planned in Mombasa at an unknown location. One or more of the individuals returned to Kenya from Ethiopia was assisting the group with designing and building the explosives. The group plans to move to Lamu as the festival date nears in order to link up with another element in Lamu.

-- Kenya Security Services agree that monitoring the activities of Ali Tunza and Salim Awadh Salim is crucial at this point to identify who is involved in the plans. The United States and the European Union have been great sponsors of this festival. Festival organizers have invited envoys from the United States and the European Union as well as other local and international dignitaries who may also be targeted for attacks. Threats by al-Shabaab have been on the rise and the possibility of targeting festivals cannot be ruled out. Investigations by Kenyan Security Services have been launched in Lamu, Malindi and Mombasa to verify the

information.

¶4. (S/NF) GRPO advises that the ultimate Source of this information is a Sub-Source of unknown credibility. However, all entities are aggressively pursuing further details and providing extra security support and personnel in attempts to address this threat information.

¶5. (S/NF) RSO personnel met with Kenya Police Service/Anti-Terrorism Police Unit (KPS/ATPU) counterparts to discuss this threat and ATPU's actions to address. As the Ambassador will be attending this festival with other Ambassadors from Western countries, the KPS, and in particular the ATPU, will be providing additional personnel to monitor the events. RSO offered to support ATPU's efforts by having two of their officers operate from two RSO/Anti-Terrorism Assistance (ATA) boats currently being utilized for training in Manda Bay. These officers will coordinate efforts, information, and action with an Assistant RSO who will accompany the Ambassador on his trip. The Ambassador will travel to Lamu on 29 November 2008 and host an event on a Dhow (boat) for a few dozen people the same day. He will overnight at the Lamu House and return to Nairobi on 30 November 2008.
